

Town of Norton
Economic Development Commission
Mission Statement

The Norton Economic Development Commission (EDC) is appointed by the Select Board act in an advisory capacity on behalf of the citizens of Norton to maximize employment opportunities and enhance tax base within the context of the community's character. It also recognizes that there is a need for a long-term vision and strategic plan to balance residential, open space, commercial, office and service activities and needs within our community.

Within this context, the EDC views its mission as fourfold:

1. To be an advocate for Norton and promote the Town in business, real estate and commercial endeavors
2. To liaise with and support the development of appropriate industry and commerce
3. To serve as a key representative of the Town in discussions concerning companies wishing to move or expand within the community
4. To serve as a catalyst for economic development by informing Norton citizens of the benefits of an appropriate commercial base

The EDC will advocate for quality jobs in quality settings, in clean, non-polluting and safe environs that contribute to Norton's quality of life and sense of place.
